### **ADP TotalSource Secures Workers' Compensation Coverage from Member Companies of American International Group Inc.**

MIAMI, July 8, 2003 – ADP TotalSource, one of the nation's largest Professional Employer Organizations (PEOs), announced it has secured workers' compensation coverage for its 83,000 worksite employees through several member companies of American International Group Inc. (AIG). The one-year contract goes into effect June 30, 2003.

"Obtaining affordable workers' compensation coverage is one of the biggest challenges for companies today," said Carlos Rodriguez, president of ADP TotalSource. "A workers' compensation program with a financially strong provider is an important element of our comprehensive suite of human-resources products and services. We are especially pleased to have entered into a relationship with the member companies of AIG, one of the largest providers of workers' compensation coverage in the country."

Aon Risk Services of Florida brokered the agreement.

#### **About ADP TotalSource**

ADP TotalSource is the Professional Employer Organization division of Automatic Data Processing Inc. (NYSE: ADP), one of the largest global providers of computerized transaction processing, data communications and information services, with more than \$7 billion in revenues and 500,000 clients worldwide.

ADP TotalSource provides small and medium-size businesses with traditional and Internet-based outsourcing solutions to reduce the complexities and costs related to employment and human resources. The company's integrated employment-related services consist of human resources administration, regulatory and compliance management, safety and risk management, payroll administration, retirement plan services and employee benefits management.
